

Put it in gear, crank the throttle and you're off.

Ease the throttle on the jumps for smooth landings.

Complete the race for a taste of victory.

FOURTRAX is engineered and manufactured by Namco Ltd.

- Head-to-head racing format or independent play option.
- Link hardware for interactive play; up to four units or eight players.

# FOURTRAX

4 WHEEL ALL TERRAIN VEHICLE

**namco**

## An Irresistible attraction for all ages...

The sensation of a four wheel ATV is felt immediately as your rear wheels slide out around the first corner. The jumps add another dimension of skill as landing is not as easy as it looks. Roadside hazards include hay bales, billboards and even bystanders.

The goal of the race is to complete a lap within the time allowed. In a head-to-head race, if one player crosses the finish line, all players will get extended time.

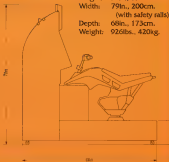

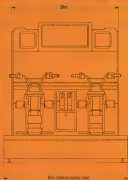

The race is over after four laps (operator selectable) and winning players celebrate in the winner's circle.

Once a game is started other players are invited to enter into the race.

Make the lap and get extended time.
